Mrs. J. Schwarz

G. S. Mulick

April 22, 1936

Mrs. Schwarz was born in Bern, Switzerland. She came to Mt. Horeb with the man she intended to marry when she was 28 years old. She loved to travel and was in Italy, England, and France before coming here. Her husband is a harness maker but speaks English very poorly. All Swiss men can make cheese and they usually start in that business to earn money to get into their regular trade on first coming to America.
